

**WINTHROP HARBOR TOP TEN
Last Three Years 2001/02 thru – 2004/05 School Year**

As Winthrop Harbor District #1 Superintendent James Tenbusch and his minions push for more money in their March 21 tax increase referendum for the school district with their massive 18% increase in the educational fund, the District needs to know the additional tax dollars is only for more excessive pay raises. How could the District school board have allowed and approved such exorbitant increases?

It is not for "the children" it is only for more of this.

**THREE-YEAR TOP TEN PAY RAISES
(Only 41 District Admin/Teachers During the Three-Year Period)**
